September 1, 2020

Dear Patients,

I have enjoyed caring for you over the years. I am writing this letter to let you know that I will be leaving Austin Kidney Associates and my last day with the practice will be December 31, 2020. As you know, Austin Kidney Associates is staffed with very knowledgeable and caring physicians, and I highly recommend that you select one of these physicians for the ongoing/continued management of your kidney condition.

Concerning your medical records, they are confidential and will remain on file with Austin Kidney Associates. If you choose to receive care from another physician within our practice, you do not need to take any action concerning your records. If, however, you elect to receive care from a physician outside of Austin Kidney Associates, you will need to sign an authorization form before we can release your medical records.

Please note that by law we cannot share your medical information without your written consent. You may sign this form at any of our offices, or you may complete the necessary paperwork at your first visit with your new physician.

It has been a great pleasure meeting and caring for you all. I sincerely appreciate your friendship and loyalty. I wish you continued good health and all the best in the coming years.

Best regards,

Satyarth Kul, M.D.
